

# South Bellevue Station

East Link Extension

Opening 2023

## Construction alert

March 2019

### Utility work Bellevue Way SE & 113<sup>th</sup> Ave SE

Crews continue making progress on East Link in south Bellevue. In advance of curb and sidewalk installation between 113<sup>th</sup> Ave SE and 112<sup>th</sup> Ave SE, crews plan to install catch basins near the intersection of Bellevue Way SE and 113<sup>th</sup> Ave SE.

#### When

- › Work is expected to begin Monday, March 18<sup>th</sup> and last approximately five days.

#### More

- › Work hours: 7 a.m. to 6 p.m.
- › Two way traffic will be maintained on Bellevue Way SE.
- › During the daytime work, no turns will be allowed from Bellevue Way SE to 113<sup>th</sup> Ave SE. Drivers should use 112<sup>th</sup> Ave SE.
- › Please follow the direction of flaggers to safely reach your destination.
- › Equipment: Excavators, vac-trucks and concrete saws
- › Crews will minimize noise, dust and debris to the extent possible.
- › Due to inclement weather or unforeseen issues, dates and times are subject to change.

## Project overview

East Link Extension is a key element of the regional mass transit system approved by voters in 2008. This 14-mile light rail line will benefit local communities and support regional growth with fast, frequent and reliable light rail service, connecting Seattle to the Eastside's biggest population and employment centers. The project builds on the Central Link light rail system running between Angle Lake and University of Washington. East Link is part of the new light rail extensions being built north, south and east from Seattle.
